Smt. Smriti Irani
Union Minister, Chief Guest

Dr Rameshwer Singh
Nodal Officer, Viksit Bharat Club

Dr. Rupali Jain
Programme Coordinator

Ms. Anukriti Ashok
Programme Coordinator

The Viksit Bharat Ambassadors' 'Nari Shakti Conclave' held at the DU Indoor Stadium, North Campus, Delhi, on 7 March 2024 witnessed a historic gathering of over 6,000 female students and faculty. The event's response was so overwhelming that an additional 3,000 students joined, united under the shared goal of building a developed India by 2047. This conclave marked a significant

milestone as the first-ever female-only event of such magnitude, organized a day before Women's Day, observed globally on March 8th.

All student attendees proudly sported 'Viksit Bharat Ambassador' T-shirts and Wristbands in solidarity with the movement. Several thousand students had pre-registered through the NaMo App, totaling over 11,000 registrations across colleges, showing immense enthusiasm and support for the Viksit Bharat Ambassador campaign.

The event's main highlight was a thought-provoking conversation between Chief Guest and Union Minister of Women and Child Development Smt. Smriti Irani and Guest of Honor RJ Sharat. Their

dialogue covered crucial topics such as the role of women in education and their leadership in spearheading the 'Viksit Bharat' journey. Four female student anchors, each representing different regions of India and adorned in traditional attire, hosted the conclave. During her address at the Viksit Bharat Ambassadors' 'Nari Shakti Conclave', Smt. Smriti Irani urged students to join the Viksit Bharat@2047 mission and shared her mantra for women empowerment.

The students were also given a brief 'explainer' on how they could join the ambitious Viksit Bharat movement on the NaMo App and contribute to India's growth story by unleashing their inherent potential. Minister Smriti Irani highlighted the government's focus on women empowerment, citing initiatives like building toilets in urban and rural areas since 2014. She reiterated the government's resolve to ensure equal participation of men and women in Viksit Bharat campaign. She also noted the growing aspiration among youth to become Prime Minister, contrasting it with past beliefs about predetermined leadership based on family background.

Around 40 female students from our college participated in the event as Viksit Bharat Ambassadors with great gusto. Rishita Verma, Saumya Chaudhary, Priyanka Saini, Shweta, Neha Kumari, Roshini Prawin, Laxmi, Rachna Gaur, Swati Singh, Sonal Tiwari, Ankita Tripathi, Kasak Kanojiya, Sarita Patel, Kumari Tanisha, Kashish Upadhyay, Prachi Singhal, Harshita Yadav, Priti Kumari, Rashmita Nayak, Shatakshi Agarwal, Tannu Vaid, Diksha, Kiran, Ananya Garg, Parisha Gupta, Kashish Antil, Komal, Preksha Singhal, Anshika Singh, Bipasha Shukla, Rashi Sachdeva, Deepika Rawat, Avni Arora, Pratibha Singh, Rintu Kumari, Ananya, Nikita, Kumud and Garima; these students proudly represented our college. Out of these, six student coordinators were appointed to lead teams of 5-6 students each. The movements and activities of participants were monitored from the time they left home until they reached back home, in order to ensure foolproof security. It was a learning experience for everyone in teamwork, time management and responsible conduct.

The students were led by their mentors, Dr. Rupali Jain and Ms. Anukriti Ashok from the English department, under the patronage of Prof. Harinder Kumar, Principal (O.S.D.) and guidance of Dr Rameshwer Singh, Nodal Officer, Viksit Bharat Club. Our students Rishita, Deepika, Bipasha, Preksha, Shatakshi, Rashmita, Nikita, Ananya and Komal confidently presented their visions for Viksit Bharat 2047 in front of Smriti Irani ji and the media. Rishita Verma also presented her business idea at the Conclve. Our Viksit Bharat Ambassadors are working enthusiastically in order to encourage fellow students to download the NaMo App and share their innovative ideas as Viksit Bharat Ambassadors.

The teacher coordinator, Dr. Rupali Jain gave an exclusive media bite at the event. She was inquired about the new National Education Policy 2020 and its impact since its implementation. Dr. Rupali shared her positive views on NEP, emphasizing how it has helped in transforming the higher education system to a great extent. She also mentioned the future vision of NEP and how it seeks to introduce path breaking programs for students as well as teachers. She was positive in

her belief that the changes brought about by the National Education Policy will certainly help the country achieve its goal of a 'Viksit Bharat'.

The queries raised by the students were resolved during the interactive session. Awareness regarding health education among women was spread at the Nari Shakti Conclave with the help of charts. Congratulations to our students for successfully representing our college and presenting their ideas and visions at the important platform provided by the Viksit Bharat Ambassadors' 'Nari Shakti Conclave 2024'.
